MEMORANDUM FOR LEGISLATIVE LIAISON OFFICERS
OF DEPARTMENTS AND AGENCIES

Subject: Agency legislative proposals now pending legislative clearance

At the time the 88th Congress adjourned, a number of draft legislative proposals prepared by Executive departments and agencies were being reviewed through the Bureau of the Budget, in accordance with the coordination procedures outlined in Budget Bureau Circular No. A-19.

It would be helpful to us and to other agencies affected if the departments and agencies which originated these proposals would advise us of those which should be considered for presentation to the 89th Congress. We will set aside without further action those proposals which by December 1, 1964, have not been indicated for further consideration.

A number of agencies have, of course, already forwarded their legislative programs for the 89th Congress in a form which makes clear whether they intend to seek further action on earlier proposals. When this has been done, or when staff of the Office of Legislative Reference have been advised informally of the agency's intention, this request for such advice can be considered fulfilled.
